Introduction

Primary Curriculum Guide

This Curriculum Guide has been produced to enable parents to gain a better understanding of the curriculum areas covered throughout the Primary School.

It is the College’s aim to help each student understand the relationship between God and His Word in everything they are learning and doing in the classroom.

Ruth Haycock, author of ‘Encyclopedia of Bible Truths for School Subjects’ writes:

“If we actually believe that the Bible is authoritative in every subject it addresses, in history and science as well as in Christian doctrine, we are obligated to find out what it says about every topic we teach. If we fail to present what God says but teach other aspects of a subject, we shelter pupils from the truth and give them only part of the story.

What we do teach may be purely humanistic and opposed to the truth found in the Bible, or it may be true as far as it goes, but incomplete. In either case, pupil thinking is being shaped according to the world’s pattern. God asked instead for transformed lives, not conformed to the world, but based on renewed minds, about to prove what is that good and acceptable and perfect will of God.”

We believe that all truth originates from God, and that all the truth He created was designed to lead people to know and respond to Him. Each academic subject is a part of the truth He created to help people know and understand Him better. We know more about God because of the truth revealed in science and mathematics. He made writing and reading an important part of His creation because He chose to reveal Himself to us in writing. We learn to think and express our thoughts in writing so that we can praise and glorify Him. We study history so that we can understand how He has directed the course of man through the years of time. Every academic truth in every academic area is a revelation of God.

All efforts to separate God and His truth from the school curriculum only serve to emasculate an academic education. It is not possible to truly understand any academic area apart from a knowledge of God.

The College endeavours to provide students with a stimulating and challenging curriculum, which will lead each student to realise the God-given potential within.

While curriculum is constantly being reviewed and updated, the ability of God to meet the students’ search for truth through His Word and the Holy Spirit never changes.

“The fear of the Lord is the beginning of knowledge. . . .” (Prov. 1:7)
TO BE EDUCATED

By Carolyn Caines

If I learn my alphabet, can read 600 words per minute, and can write with perfect handwriting, but have not been shown how to communicate with the Designer of all language,

_I have not been educated._

If I can deliver an eloquent speech and persuade you with my stunning logic, but have not been instructed in God’s wisdom,

_I have not been educated._

If I have read Shakespeare and John Locke and can discuss their writings with keen insight, but have not read the greatest of all books – the Bible – and have no knowledge of its personal importance,

_I have not been educated._

If I have memorized addition facts, multiplication tables, and chemical formulas, but have never been disciplined to hide God’s Word in my heart,

_I have not been educated._

If I can explain the law of gravity and Einstein’s theory of relativity, but have never been instructed in the unchangeable laws of the One who orders our universe,

_I have not been educated._

If I can classify animals by their family, genus and species, and can write a lengthy scientific paper that wins an award, but have not been introduced to the Maker’s purpose for all creation,

_I have not been educated._

If I can recite the Preamble to the Constitution, but have not been informed of the hand of God in the history of our country,

_I have not been educated._

If I can play the piano, the violin, six other instruments, and can write music that moves men to tears, but have not been taught to listen to the Director of the universe and worship Him,

_I have not been educated._

If I can run cross-country races, star in basketball and excel in physical fitness, but have never been shown how to bend my spirit to do God’s will,

_I have not been educated._

If I can identify a Picasso, describe the style of da Vinci, and even paint a portrait that earns an A+, but have not learned that all harmony and beauty come from a relationship with God,

_I have not been educated._

If I graduate with a perfect score and am accepted at the best university with a full scholarship, but have not been guided into a career of God’s choosing for me,

_I have not been educated._

If I become a good citizen, voting at each election and fighting for what is normal and right, but have not been told of the sinfulness of man and his hopelessness without Christ,

_I have not been educated._

However, if one day I see the world as God sees it, and come to know Him, Whom to know is life eternal, and glorify God by fulfilling His purpose for me,

_Then, I have been educated._
Year 4  
ART

“If God made the flowers, they are worth painting and writing about. If God made the birds they are worth painting. If God made the sky, the sky is worth painting. If God made the ocean, indeed it’s worth writing poetry about. It is worth man’s while to create works upon the basis of the great works God has already created.”

- Francis A. Schaeffer, Art and the Bible, p.60.

Brief Description of Course
The Year Four course aims to expand children’s understanding of art elements in 2D and 3D and try ideas in painting, drawing, printmaking, collage, textiles and modelling. They will be given a broad variety of 2D and 3D activities to explore their ideas, feelings, observations and experiences and discover various uses of media with similar characteristics. They will participate in arrangement and display of visual art works. They will be given the opportunity to identify and discuss main characteristics and functions of art from different cultures, and the role of visual art in the past and present.

General Aims and Objectives
- To use various media with similar characteristics
- To use detail and observation to create backgrounds and foregrounds
- To manipulate materials to design, construct and model 3D forms
- To explore ideas and designs and develop visual art works and logos
- To understand different cultures and meanings of symbols, flags and logos
- To understand God is the supreme artist: Creation is God’s artwork
- To allow children to recognise and develop their own God-given creativity

Topics
- Drawing
- Painting
- Printing
- Collage
- Construction
- Textiles

Time Allocation
- 1 x 60 minutes per week

Special Requirements
- WCC Art Smock or heavy duty plastic smock that covers well
- Display book

Assessment
- Each unit of work
- Progress made in each unit
- Effort and attitude
- Help and responsibility shown in maintaining equipment and caring for room
- Behaviour
- Assistance given in cleaning up and packing up after activities

“I am sending you Huram-Abi, a man of great skill. He is trained to work in gold and silver, bronze and iron, stone and wood, and with purple and blue and crimson yarn and fine linen. He is experienced in all kinds of engraving and can execute any design given to him.”

2 Chronicles 2:13-14
"Never before in human history have we had so much information to process. A weekday edition of The New York Times now carries more information than the average person in the 17th century would digest in a lifetime. One thousand books are published every day. The total of all printed information doubles every five years. More information has been generated in the last three decades than in all the previous 5000 put together. We are in the midst of an information explosion."
- Wilson da Silva

Brief Description of Course
The Year Four Computer course continues to build upon the foundational skills gained in previous years. Students develop a broad range of computer and problem solving skills using various types of software. Their computer skills continue to be extended through “hands on” experiences, developing an increasing confidence in their ability to apply their computer knowledge and skill to other areas of their learning program. Students are taught and encouraged to develop good touch typing skills.

General Aims and Objectives
• To extend the knowledge and experience of using computers gained in previous years
• To effectively use standard graphical user interface with a diverse range of software tools, including: Windows OS; Internet; e-mail; office suite; graphics; 3D modeling; animation; programming; etc.
• To develop an ability to effectively use computers independently and creatively – using a range of educational and industry standard software and problem solving strategies
• To develop good touch typing techniques
• To understand and explore concepts related to the Internet
• To understand how computers can be used in Christian work.

Topics
• Computer Awareness
• Software Applications, such as:
  ▪ OS: Windows XP
  ▪ Internet: Web browser (Internet Explorer and/or alternative browsers like Opera or Firefox)
  ▪ E-mail: Microsoft Outlook
  ▪ Office suite: Microsoft Office; Open Office; 2Investigate
  ▪ Graphics: Depending on task, may include – MS Paint; TuxPaint; KidPix; IrfanView; Shrink pic; Drawing tools within office suites; etc.
  ▪ 3D modeling, animation, programming: Kahootz; SketchUp; Scratch; MicroWorlds
• Keyboarding: Mavis Beacon Teaches Typing
• Programming and Problem Solving

Time Allocation
• 1 x 42 minutes per week

Assessment
• Assignments
• Ongoing results for typing progress (Mavis Beacon Teaches Typing)
• Speed and accuracy test (typing)
• Observations

“...and knowledge shall be increased.”
Daniel 12:4
Year 4

DRAMA

“Thinking cannot be clear till it has had expression. We must write, or speak, or act our thoughts, or they will remain in a half torpid form. Our feelings must have expression, or they will be as clouds, which, till they descend as rain, will never bring up fruit or flower. So it is with the inward feelings; expression gives them development.”

Brief Description of Course
Year Four students will refine skills in mime and role play. They will build on skills and abilities developed in their earlier years.

General Aims and Objectives
• To understand the ability to speak is given to us by God. He will direct our choice of words and the organisation of what we say, as we permit Him to do so.

Speech
• Clear communication
• Memorization
• Group performance
• Performing to be heard and understood

Movement
• To develop a body awareness
• To develop the use of movement as a form of dramatic expression through:
  - Incorporating 3 space levels into role-play
  - Clowning unit (various skills associated with clowning) alternated each second year with mime
  - Performance skills
  - Group work
• To develop a spatial awareness through:
  - Incorporating three space levels into role-play
  - Clowning unit (various skills associated with clowning)
  - Performance skills
  - Group work

Improvisation
- Improvisation through changed scenarios and responding through speech
- Improvisation through listening and responding using movement
- Improvisation using speech in role-plays
- Improvisation using speech in partner work and group work where a character is partially developed and demonstrated
- Improvisation through extended conversation with a partner when given a scenario

Script reading and role-play performances
- Characterization
- Performance skills
- Memorization

Time Allocation
• 1 x 42 minutes per week

Assessment
• Checklist
• Observations
• Performance

“No-one ever spoke the way this man does.”
John 7:46
Year 4
ENGLISH

“We must contemplate the import of ignoring the printed word.
If you cannot read, you can do only what you are told.”
- Joseph P. Bean.

Brief Description of Course
The Year Four English Course aims to develop the students’ skills in all areas: speaking and listening, reading and writing. Studies of language conventions are undertaken to supply students with the necessary tools with which to use language appropriately. Written exercises are designed to improve students’ confidence in expressing their own thoughts and feelings as well as developing an appreciation of literature.

General Aims and Objectives
• To develop the ability to speak, listen, read and write with confidence
• To develop a knowledge of grammar, vocabulary and spelling
• To develop knowledge of the ways in which language varies in different situations
• To develop an appreciation and knowledge of a broad range of literature
• To understand God is a communicating God; He wants us to know His thoughts.

TOPICS
• Writing
• Grammar
• Reading
• Handwriting
• LEM Phonics
• Picture Story Books
• Speaking and Listening
• Literature and Poetry
• Vocabulary
• Comprehension
• Spelling
• Library
• Newspapers

Time Allocation
• Approximately 556 minutes per week

Requirements
• Library Bag
• Dictionary
• Handwriting Book
• “When You Write, Get It Right” grammar cards (supplied by College)

Assessment
• Observation
• End of term tests
• Oral presentations
• Writing pieces

“They read from the Book of the Law of God, making it clear and giving the meaning so that the people could understand what was being read.”
Nehemiah 8:8

**Year 4**

**HEALTH & PHYSICAL EDUCATION**

“The world would have us believe that winning or success is measured by points on a scoreboard or by dollar signs. The Christian realises that winning or success is determined by whether or not a goal has been achieved, and that goal is to bring glory to God.”

- Thomas M. Boqdon

---

**Brief Description of Course**

In Year Four, ball skills and locomotive skills are reinforced and practiced. Major sports are introduced with modified rules and equipment which is age-appropriate.

**General Aims and Objectives**

- To understand the importance and benefits of physical fitness and learn ways to improve and maintain fitness
- To build on the basic ball skills and locomotor skills developed in earlier years
- To improve social confidence and competence in small and large group activities
- To develop an understanding of major sports

**Time Allocation**

- 2 x 42 minutes per week P.E.
- 1 x 60 minutes (1 term – aquatics)

**Special Requirements**

- P.E. uniform as per College Handbook

**Assessment**

- Beep Test (Fitness)
- Interhouse Sports
- Class Performance

---

“Do you not know that in a race all the runners run, but only one gets the prize? Run in such a way as to get the prize. Everyone who competes in the games goes into strict training. They do it to get a crown that will not last; but we do it to get a crown that will last forever. Therefore I do not run like a man running aimlessly; I do not fight like a man beating the air. No, I beat my body and make it my slave so that after I have preached to others, I myself will not be disqualified for the prize.”

1 Corinthians 9:24-27
Year 4
LANGUAGES OTHER THAN ENGLISH
(L.O.T.E.)

“A man who is ignorant of foreign languages is ignorant of his own.”
- Johann Goethe.

Brief Description of Course
The LOTE course endeavours to provide students with opportunities to speak and listen to another language that is well-suited to enhancing the future educational and career opportunities.

It will give students an understanding of another culture and values and therefore develop a greater understanding of the multilingual and multicultural aspects of our Australian Society. Indonesian will be taught through listening and speaking, reading and writing in ‘Bahasa Indonesia’.

General Aims and Objectives
The students will be able to
• Appropriately and confidently use language in various situations such as role-plays, songs and other class-room activities.
• Have cultural awareness of various Indonesian customs and ways of life.
• To encourage the students to develop a competence in the usage of Indonesian in both spoken and written form.
• To help the student understand the multilingual and multicultural Australian society.

To give students a Christian and Biblical perspective of foreign languages and to understand that God originated languages and in Heaven, all nations and languages will be represented.

Topics
• Personal profiles
• The calendar (special days in Australia and Indonesia)
• Shopping, bargaining and money
• Schooling in Indonesia and Australia

Time Allocation
• 1 x 42 minutes per week

Assessment
• Class observation
• Vocabulary tests
• Oral and aural tests
• Role plays
• Participation in class activities
• Written and verbal tasks
• Minor topic assessments

The Lord said, “If as one people speaking the same language they have begun to do this, then nothing they plan to do will be impossible for them. Come, let us go down and confuse their language so they will not understand each other.”

“That is why it was called Babel – because there the Lord confused the language of the whole world. From there the Lord scattered them over the face of the whole earth.”

Genesis 11:6, 7 & 9
Year 4
MATHMATICS

“God uses mathematics in everything He makes. He makes things in multiples of sevens, elevens, and forties. Everything that God does, He does according to mathematics: the writing of His Bible, the making of Arcturus and establishing the circuit of the earth. He imparts some of that wonderful knowledge to us that we may know something about His grace and love for us in this respect.”
- Asa Sparks

Brief Description of Course
The Mathematics curriculum is designed to give children the skills and tools of numeracy, as well as the opportunity to experience a hands-on approach to measurement. The course uses Maths Plus as the basic text and other texts and applications to extend and drill for mastery.

General Aims and Objectives
- To develop confidence and competence in day to day mathematical situations
- To develop the capacity to solve problems individually and corporately
- To communicate mathematically
- To learn technique and tools of modern maths
- To learn to think in real-world situations
- To understand number concepts begin with God

Topics
- Working mathematically
- Structure
- Number
- Space
- Measurement
- Chance and data

Time Allocation
- 5 x 42 minutes per week

Special Requirements
- Calculator
- Maths Plus Student Workbook
- Mathletics subscription

Assessment
- Daily book work
- Teacher observation
- Speed tests
- Practical class projects
- End of term tests

“He determines the number of the stars and calls them each by name.”
Psalm 147:4

“Indeed, the very hairs of your head are all numbered. Don’t be afraid; you are worth more than many sparrows.”
Luke 12:7
Brief Description of Course
This course is designed to build on the foundations from the previous year. Recorder and keyboard studies are continued and developed with speed reading and sight reading practice. Students are encouraged in areas of practical music as well as music appreciation. Aural tests are used to improve students’ ability to identify pitch and rhythms.

General Aims and Objectives
- To develop the students’ musical ability
- To foster an appreciation of music
- To build on the knowledge of music theory
- To achieve fluency on the recorder
- To extend the students’ keyboard knowledge and ability
- To give opportunity for performance
- To understand music is God’s gift to us and is everywhere in the universe to praise God.

Topics
- Recorder
- Keyboard
- Theory
- Aural Training
- Singing
- Music appreciation

Time Allocation
- 2 x 42 minutes per week

Requirements
- Recorder/Recorder book
- Kids on Keyboard book
- Pencils
- Display Book
- Music practice (minimum of 3 X 5 minutes each week)

Assessment
- Performance
- Ability and effort – recorder and keyboard
- Observation
- Attitude and behaviour
- Participation
- Tests
- Practice habits

“Praise the Lord. Praise God in His sanctuary; praise Him in His mighty heavens. Praise Him for His acts of power; praise Him for His surpassing greatness. Praise Him with the sounding of the trumpet, praise Him with the harp and lyre, praise Him with tambourine and dancing, praise Him with the strings and flute, praise Him with the clash of cymbals, praise Him with resounding cymbals. Let everything that has breath praise the Lord. Praise the Lord.”
Psalm 150
Year 4
SCIENCE

“The Christian faith of the early scientists gave them more than presuppositions; it also gave them motivation. They believed that in studying nature they were discovering the wisdom and power of the Creator and were thus honoring Him.”
– James F. Jekel

Brief Description of Course
The Year Four Science curriculum is designed to develop students’ ability to understand the natural and physical world. It provides students with insights in a way science is applied, and the ability to discover for themselves how things work.

General Aims and Objectives
• To develop knowledge the skills central to biological, earth and physical sciences
• To use the above to explain and predict events in the physical world
• To develop skills of scientific investigation
• To respect and care for the physical world that is entrusted to us by God
• For the students to understand God is the Creator

Topics
• Air
• Solids, Liquids, Gases
• Animal Classification and Habitat
• Electricity
• Natural Disasters
• Sun, Moon and Earth
• Planets

Time Allocation
• 2 x 42 minutes per week

Assessment
• End of term tests
• In-class projects
• Participation in class discussion and experiments

“In the beginning God created the heavens and the earth.”
Genesis 1:1
Brief Description of Course
The Year Four SOSE course is concerned with the study of people, in the present and the past, and the ways in which they act and interact with others and their environment. In learning of the triumphs and failures of people in the past, children learn to become knowledgeable, active and compassionate citizens of their own physical and social environment. The Year Four SOSE course is a combination if individualised units of work and class lessons.

General Aims and Objectives
- To learn and think – problem solving, study habits, recording information
- To organise knowledge – gathering and interpreting evidence
- To communicate effectively and learn the different ways of communicating when long distances are involved
- To develop values and beliefs of our own culture and society
- To learn the history and geography of Australia
- To understand God is interested in all nations and in people from those nations

Topics
- Rainforests and deserts
- Mapping
- The States and Territories of Australia
- Flags and emblems
- Citizenship
- Early discovery of Australia
- The First Fleet
- Communication

Time Allocation
- 2 x 42 minutes per week

Special Requirements
- Atlas

Assessment
- End of term tests
- In-class projects
- Participation in class discussions

“From one man he made every nation of men, that they should inhabit the whole earth; and he determined the times set for them and the exact places where they should live.”
Acts 17:26
