Introduction

Primary Curriculum Guide

This Curriculum Guide has been produced to enable parents to gain a better understanding of the curriculum areas covered throughout the Primary School.

It is the College’s aim to help each student understand the relationship between God and His Word in everything they are learning and doing in the classroom.

Ruth Haycock, author of ‘Encyclopedia of Bible Truths for School Subjects’ writes:

“If we actually believe that the Bible is authoritative in every subject it addresses, in history and science as well as in Christian doctrine, we are obligated to find out what it says about every topic we teach. If we fail to present what God says but teach other aspects of a subject, we shelter pupils from the truth and give them only part of the story.

What we do teach may be purely humanistic and opposed to the truth found in the Bible, or it may be true as far as it goes, but incomplete. In either case, pupil thinking is being shaped according to the world’s pattern. God asked instead for transformed lives, not conformed to the world, but based on renewed minds, about to prove what is that good and acceptable and perfect will of God.”

We believe that all truth originates from God, and that all the truth He created was designed to lead people to know and respond to Him. Each academic subject is a part of the truth He created to help people know and understand Him better. We know more about God because of the truth revealed in science and mathematics. He made writing and reading an important part of His creation because He chose to reveal Himself to us in writing. We learn to think and express our thoughts in writing so that we can praise and glorify Him. We study history so that we can understand how He has directed the course of man through the years of time. Every academic truth in every academic area is a revelation of God.

All efforts to separate God and His truth from the school curriculum only serve to emasculate an academic education. It is not possible to truly understand any academic area apart from a knowledge of God.

The College endeavours to provide students with a stimulating and challenging curriculum, which will lead each student to realise the God-given potential within.

While curriculum is constantly being reviewed and updated, the ability of God to meet the students’ search for truth through His Word and the Holy Spirit never changes.

“The fear of the Lord is the beginning of knowledge...” (Prov. 1:7)
TO BE EDUCATED
By Carolyn Caines

If I learn my alphabet, can read 600 words per minute, and can write with perfect handwriting, but have not been shown how to communicate with the Designer of all language,

I have not been educated.

If I can deliver an eloquent speech and persuade you with my stunning logic, but have not been instructed in God’s wisdom,

I have not been educated.

If I have read Shakespeare and John Locke and can discuss their writings with keen insight, but have not read the greatest of all books – the Bible – and have no knowledge of its personal importance,

I have not been educated.

If I have memorized addition facts, multiplication tables, and chemical formulas, but have never been disciplined to hide God’s Word in my heart,

I have not been educated.

If I can explain the law of gravity and Einstein’s theory of relativity, but have never been instructed in the unchangeable laws of the One who orders our universe,

I have not been educated.

If I can classify animals by their family, genus and species, and can write a lengthy scientific paper that wins an award, but have not been introduced to the Maker’s purpose for all creation,

I have not been educated.

If I can recite the Preamble to the Constitution, but have not been informed of the hand of God in the history of our country,

I have not been educated.

If I can play the piano, the violin, six other instruments, and can write music that moves men to tears, but have not been taught to listen to the Director of the universe and worship Him,

I have not been educated.

If I can run cross-country races, star in basketball and excel in physical fitness, but have never been shown how to bend my spirit to do God’s will,

I have not been educated.

If I can identify a Picasso, describe the style of da Vinci, and even paint a portrait that earns an A+, but have not learned that all harmony and beauty come from a relationship with God,

I have not been educated.

If I graduate with a perfect score and am accepted at the best university with a full scholarship, but have not been guided into a career of God’s choosing for me,

I have not been educated.

If I become a good citizen, voting at each election and fighting for what is normal and right, but have not been told of the sinfulness of man and his hopelessness without Christ,

I have not been educated.

However, if one day I see the world as God sees it, and come to know Him, Whom to know is life eternal, and glorify God by fulfilling His purpose for me,

Then, I have been educated.
Year 6

ART

“If God made the flowers, they are worth painting and writing about. If God made the birds they are worth painting. If God made the sky, the sky is worth painting. If God made the ocean, indeed it’s worth writing poetry about. It is worth man’s while to create works upon the basis of the great works God has already created.”

- Francis A. Schaeffer, Art and the Bible, p.60.

Brief Description of Course

Children work individually and collaboratively in the areas of drawing, painting, modelling, collage, printmaking, textiles and pottery. They will apply their skills and knowledge to communicate feelings and understandings of themselves and other people. They will combine and manipulate visual arts elements to produce 2D and 3D works. They will learn to accept and value other people’s visual creations and images, and identify distinguishing features of visual art works that locate them in a particular time, place or culture.

General Aims and Objectives

- To manipulate forms on a 2D surface to explore visual challenges of size, position, scale and perspective
- To use primary, secondary and tertiary colours to express mood through shade and shadow in painting, printmaking and collage techniques
- To use 3D malleable and hard media to construct forms designed to suit an idea, interest or function
- To use a range of presentation skills to plan and display their work
- To discuss their own work and respond to content and ideas in the work of others. To speculate about artistic intentions
- To describe and discuss art qualities – textural, colour and tonal – to describe how they create visual messages of balance, harmony and contrast
- To find clues to place visual art works in a particular place, time or culture by discovering the country, culture, religious purpose and historical period of those works
- To understand God is the supreme artist: Creation is God’s artwork
- To allow children to recognise and develop their own God-given creativity

Topics

- Drawing
- Painting
- Printing
- Construction
- Textiles
- Collage

Time Allocation

- 1 x 60 minutes per week

Special Requirements

- WCC Art Smock or heavy duty plastic smock that covers well
- Display book

Assessment

Each unit of work will be assessed on:

- Effort put into work unit
- Progress made in each unit
- Ability to work with others, to share
- Attitude towards the work of others
- Assistance given, responsibility shown in caring for room and equipment
- Behaviour
- Assistance given in cleaning up and packing up after activities

“I am sending you Huram-Abi, a man of great skill. He is trained to work in gold and silver, bronze and iron, stone and wood, and with purple and blue and crimson yarn and fine linen. He is experienced in all kinds of engraving and can execute any design given to him.”

2 Chronicles 2:13-14
Never before in human history have we had so much information to process. A weekday edition of The New York Times now carries more information than the average person in the 17th century would digest in a lifetime. One thousand books are published every day. The total of all printed information doubles every five years. More information has been generated in the last three decades than in all the previous 5000 put together. We are in the midst of an information explosion.

- Wilson da Silva

Brief Description of Course
The Year Six Computer course continues to build upon the foundational skills gained in previous years. Students develop a broad range of computer and problem solving skills using various types of software. Their computer skills continue to be extended through “hands on” experiences, developing an increasing confidence in their ability to apply their computer knowledge and skill to other areas of their learning program. Students are taught and encouraged to develop good touch typing skills.

General Aims and Objectives
- To extend the knowledge and experience of using computers gained in previous years
- To effectively use standard graphical user interface with a diverse range of software tools, including: Windows OS; Internet; e-mail; office suite; graphics; 3D modeling; animation; programming; etc.
- To develop an ability to effectively use computers independently and creatively – using a range of educational and industry standard software and problem solving strategies
- To develop good touch typing techniques
- To understand and explore concepts related to the Internet
- To understand how computers can be used in Christian work.

Topics
- Computer Awareness
- Software Applications, such as:
  - OS: Windows XP
  - Internet: Web browser (Internet Explorer and/or alternative browsers like Opera or Firefox)
  - E-mail: Microsoft Outlook
  - Office suite: Microsoft Office; Open Office; 2Investigate
  - Graphics: Depending on task, may include – MS Paint; TuxPaint; KidPix; IrfanView; Shrink pic; Drawing tools within office suites; etc.
  - 3D modeling, animation, programming: Kahootz; SketchUp; Scratch; MicroWorlds
- Keyboarding: Mavis Beacon Teaches Typing
- Programming and Problem Solving

Time Allocation
- 1 x 42 minutes per week

Assessment
- Assignments
- Ongoing results for typing progress (Mavis Beacon Teaches Typing)
- Speed and accuracy test
- Observations

“. . . and knowledge shall be increased.”
Daniel 12:4
“Thinking cannot be clear till it has had expression. We must write, or speak, or act our thoughts, or they will remain in a half torpid form. Our feelings must have expression, or they will be as clouds, which, till they descend as rain, will never bring up fruit or flower. So it is with the inward feelings; expression gives them development.”

**Year 5**
**DRAMA**

**Brief Description of Course**
The Year Six Drama Course will further develop confidence and several performance skills. At this level, abstract ideas should be well developed. Children should be able to act our fairly abstract roles showing emotions and rich role characterizations. This course will prepare students for Drama in the Secondary department.

**General Aims and Objectives**
- To understand the ability to speak is given to us by God. He will direct our choice of words and the organisation of what we say, as we permit Him to do so.

**Speech**
- Clear communication through memorization, characterization and solo performance
- Performing to be heard

**Movement**
- To develop a body awareness
- To develop the use of movement as a form of dramatic expression through:
  - Incorporating various space levels into role-play
  - Demonstrating realistic movement
  - Clowning unit (various skills associated with clowning)
  - Performance skills especially engaging the audience
  - Solo performance
- To develop a spatial awareness through:
  - Incorporating various space levels into role-play
  - Demonstrating realistic movement depending on the environment
  - Clowning unit (various skills associated with clowning)
  - Performance skills especially engaging the audience
  - Group work and partner work

**Improvisation**
- Through changed scenarios and responding through speech
- Using speech in role-plays
- Using speech in partner work and group work where a character is greatly developed and demonstrated
- Through extended conversation with a partner when given a scenario

**Script reading and role-play performances**
- Characterization
- Performance skills
- Memorization of complex scripts

**Topics**
- Mime
- Stage craft
- Role Play
- Performance
- Improvisation

**Time Allocation**
- 1 x 42 minutes per week

**Assessment**
- Journal assessment
- Observation
- Checklist
- Performance

“No-one ever spoke the way this man does.”
John 7:46
**Year 6**  
**ENGLISH**

“We must contemplate the importance of ignoring the printed word.  
If you cannot read, you can do only what you are told.”  
- Joseph P. Bean.

---

**Brief Description of Course**  
The Year Six English course aims to develop the students’ ability to communicate using language in various ways. Opportunities for research, communicating information and recording information are given. Studies of English conventions are undertaken to provide students with the necessary tools and a strong foundation so they can use English appropriately and effectively. Learning experiences are designed to improve students’ ability to communicate verbally and through their writing; understand and use selected genres appropriately; and develop confidence in expressing their own thoughts and feelings.

**General Aims and Objectives**
- To interpret and evaluate the spoken and written word  
- To appreciate, critically study and evaluate fiction texts.  
- To develop skills to acquire knowledge by reading  
- To write effectively to communicate thoughts, feelings and record information  
- To develop good public speaking and oral communication skills and techniques  
- To understand that God is a communicating God; He wants us to know His thoughts

**TOPICS**
- Vocabulary building  
- Comprehension – oral/written  
- Public Speaking  
- Spelling – based on THRASS system  
- Reading  
- Writing – poetry, stories, letters, debates and reports  
- Listening skills  
- Grammar and punctuation  
- Handwriting  
- Literature – novel studies (*February Dragon* and *Narnia – The Lion, the Witch and the Wardrobe*).

**Time Allocation**
- Approximately 532 minutes per week

**Requirements**
- Dictionary  
- Handwriting book  
- THRASS chart  
- English Folder  
- “When You Write, Get It Right” grammar cards (supplied by College)

**Assessment**
- Book reports and reviews  
- Book work  
- Creative and functional writing  
- Tests  
- Oral presentations and class discussions  
- Weekly and end of term spelling tests

“They read from the Book of the Law of God, making it clear and giving the meaning so that the people could understand what was being read.”  
Nehemiah 8:8
Brief Description of Course
Sport Education is a major component of the program in Year Six. Skills are practiced within the context of different sports. Rules and game strategies (still modified) are developed. The program aims to provide positive, enjoyable sporting experiences that will encourage sports participation in later life.

General Aims and Objectives
- To understand the importance and benefits of physical fitness and learn ways to improve and maintain fitness
- To build on the basic ball skills and locomotor skills developed in earlier years
- To improve social confidence and competence in small and large group activities
- To develop teamwork and sportsmanship in a competitive environment
- To develop sports-specific skills, game skills and knowledge in a range of team competitive sports

Topics
- Gymnastics
- Aquatics - Australian Rules Football - Softball
- Fitness - Netball - Basketball
- Athletics - Soccer - Volleyball
- Dance - Cricket - Bat Tennis
- Health - Badminton - Table Tennis
- - Hockey - Rounders
- - Sofcrosse (lacrosse) -

Sports Covered
- Aquatics - Australian Rules Football - Softball
- Fitness - Netball - Basketball
- Athletics - Soccer - Volleyball
- Dance - Cricket - Bat Tennis
- Health - Badminton - Table Tennis
- - Hockey - Rounders
- - Sofcrosse (lacrosse) -

Time Allocation
- 1 x 42 minutes per week P.E.
- 1 x 60 minutes per week Aquatics (1 term)
- 2 x 42 minutes per week Inter-School Sports

Special Requirements
- P.E. uniform as per College Handbook

Assessment
- Beep Test (Fitness)
- Interschool Sports
- Interhouse Sports
- Performance in class

“Do you not know that in a race all the runners run, but only one gets the prize? Run in such a way as to get the prize. Everyone who competes in the games goes into strict training. They do it to get a crown that will not last; but we do it to get a crown that will last forever. Therefore I do not run like a man running aimlessly; I do not fight like a man beating the air. No, I beat my body and make it my slave so that after I have preached to others, I myself will not be disqualified for the prize.”
1 Corinthians 9:24-27
Year 6
LANGUAGES OTHER THAN ENGLISH (L.O.T.E.)
“A man who is ignorant of foreign languages is ignorant of his own.”
- Johann Goethe.

**Brief Description of Course**
The LOTE course endeavours to provide students with opportunities to speak and listen to another language that is well-suited to enhancing the future educational and career opportunities. It will give students an understanding of another culture and values and therefore develop a greater understanding of the multilingual and multicultural aspects of our Australian Society. Indonesian will be taught through listening and speaking, reading and writing in ‘Bahasa Indonesia’.

**General Aims and Objectives**
The students will be able to
- Appropriately and confidently use language in various situations such as role-plays, songs and other classroom activities.
- Have cultural awareness of various Indonesian customs and ways of life.

To give students a Christian and Biblical perspective of foreign languages and to understand that God originated languages and in Heaven, all nations and languages will be represented.

**Topics**
- Shopping and Food
- Clothes (traditional Indonesian clothes)
- School (looking at various school subjects and a timetable of a typical school in Indonesia)
- Myself (my weekly schedule)

**Time Allocation**
- 1 x 42 minutes per week

**Assessment**
- Class observation
- Vocabulary tests
- Oral and aural tests
- Role plays
- Participation in class activities
- Written and verbal tasks
- Minor topic assessments

The Lord said, “If as one people speaking the same language they have begun to do this, then nothing they plan to do will be impossible for them. Come, let us go down and confuse their language so they will not understand each other.”

“That is why it was called Babel – because there the Lord confused the language of the whole world. From there the Lord scattered them over the face of the whole earth.”

Genesis 11:6, 7 & 9
Year 6
MATHEMATICS

“God uses mathematics in everything He makes. He makes things in multiples of sevens, elevens, and forties. Everything that God does, He does according to mathematics: the writing of His Bible, the making of Arcturus and establishing the circuit of the earth. He imparts some of that wonderful knowledge to us that we may know something about His grace and love for us in this respect.”
- Asa Sparks

Brief Description of Course
The Year Six Mathematics Course is based around the topics covered in Maths Plus and Mathletics. The course seeks to develop positive attitudes to Mathematics by involving students in hands-on problem solving and applications, working systematically and logically, and communicating their ideas. Key areas of operations, space, measurement, number and chance and data are explored and developed in developmental units where appropriate.

General Aims and Objectives
- To develop confidence and competence in using Mathematics in commonly occurring situations
- To develop the capacity to use mathematics in solving problems individually and collaboratively
- To learn to communicate mathematically
- To learn techniques and tools which reflect modern mathematics
- To give students the opportunity to experience the process through which Mathematics develops
- To understand that number concepts begin with God

Topics
- Place Value
- Basic operations
- Fractions
- Decimals
- Percentages
- Mathematical tools
- Graphing
- Geometry
- Angles
- Problem-solving
- Puzzles/Games
- Probability
- Measurement
- Time
- Length
- Area/Perimeter/Volume
- Mass
- Capacity
- Money
- Temperature

Time Allocation
- 220 minutes per week

Requirements
- Maths Plus Student Workbook
- Mathletics
- Maths journal
- Protractor
- Compass
- Calculator

Assessment
- Topic tests
- Quick Maths/Tables Tests
- Geometric construction
- Problem solving tasks
- Practical class projects

“He determines the number of the stars and calls them each by name.”
Psalm 147:4

“Indeed, the very hairs of your head are all numbered. Don’t be afraid; you are worth more than many sparrows.”
Luke 12:7
Year 6
MUSIC

“The aim and final reason of all music should be nothing else but the glory of God and the refreshment of the spirit.”
- Johann Sebastian Bach (1685 – 1750).

Brief Description of Course
The Year Six Music Course will continue to develop and build on the foundation laid in previous year levels. Keyboard studies will include chord tuition and basic accompaniment skills. Students are encouraged in areas of practical music and aural tests are given to improve students’ ability to identify pitch. Students will study a musical work and identify orchestral instruments.

General Aims and Objectives
- To develop the students’ musical ability
- To foster an appreciation of music
- To build on the knowledge of music theory
- To achieve fluency on the recorder
- To extend keyboard knowledge and ability
- To give opportunity for performance
- To understand music is God’s gift to us and is everywhere in the universe to praise God.

Topics
- Keyboard
- Aural Training
- Theory
- Music Appreciation
- Singing

Time Allocation
- 2 x 42 minutes per week

Requirements
- Introducing Music work book
- Chord keyboard book
- Pencils
- Music practice (minimum of 3 X 5minutes each week)

Assessment
- Observation and checklists
- Effort
- Fluency
- Ability
- Performance
- Attitude and behaviour
- Tests
- Practice habits
- Work book

“Praise the Lord. Praise God in His sanctuary; praise Him in His mighty heavens. Praise Him for His acts of power; praise Him for His surpassing greatness. Praise Him with the sounding of the trumpet, praise Him with the harp and lyre, praise Him with tambourine and dancing, praise Him with the strings and flute, praise Him with the clash of cymbals, praise Him with resounding cymbals. Let everything that has breath praise the Lord. Praise the Lord.”
Psalm 150
Year 6
SCIENCE

“The Christian faith of the early scientists gave them more than presuppositions; it also gave them motivation. They believed that in studying nature they were discovering the wisdom and power of the Creator and were thus honoring Him.”
– James F. Jekel

Brief Description of Course
The Year Six Science Course is based on the Primary Science texts. The course is designed to develop students’ ability to understand the natural and physical world through a number of different investigations, practical activities and hands-on experiments.

General Aims and Objectives
• To develop knowledge and skills central to biological, earth and physical sciences
• To develop skills of scientific investigation
• To respect and care for the physical world entrusted to us by God
• For the students to understand that God is the Creator

Topics
• Ecosystems
• Erosion
• The Human Body
• Liquids
• Mystery Powders
• Kitchen Science

Time Allocation
• 84 minutes per week

Requirements
• No special requirements

Assessment
• Topic tests
• Practical reports on experiments

“In the beginning God created the heavens and the earth.”
Genesis 1:1
Brief Description of Course
The Year Six Social Studies Course is primarily divided into four main units covering The Environment, Government, The Media and World Explorers. Students will gain an insight into the policies and policy makers of Australia.

General Aims and Objectives
• To research world explorers – both early explorers as well as modern-day
• To gain an understanding of the levels and functions of government
• To gain an understanding as to how we can become better stewards of God’s world
• To understand that God is interested in all nations and all people
• To understand how the mass media operates and its effects on modern society
• To understand some of the causes and effects of pollution and what can be done about it

Topics
• Environment – pollution and conservation
• Government – levels and functions of government, a bill becoming law, policies, question time, etc
• World Explorers
• Media – types of mass media, influence on society

Time Allocation
• 1 x 84 minutes per week

Special Requirements
• Atlas
• SOSE book/folder

Assessment
• Projects/Assignments – research skills, oral presentation
• Class Participation – discussion/group discussion/drama
• Topic tests

“The world is a great book, of which those who never stir from home read only a page.”
- St Augustine, died in 604.
